

Puritan Bennett 840 Ventilator System

Promote more natural breathing with innovative features.

The Puritan Bennett® 840™ Ventilator System is the flagship product in Covidien's line of critical care ventilators. It is responsive to patients and offers superior comfort, delivering sensitive, precise breaths to critically ill neonatal through adult patients. For use in providing neonate through adult patients with ventilatory support in the hospital environment.

Product Features

- ◆ **Technological Sophistication** – With its high-performance pneumatics, dual-microprocessor electronics and DualView™ touchscreens.
- ◆ **Upgradeable** – The 840 Ventilator can be upgraded and customized with various software options to meet your clinical needs, today and in the future.
- ◆ **Enhanced noninvasive ventilation (NIV)** that improves comfort for patients and performance for clinicians. Designed for use on patients with a stable respiratory drive.
- ◆ **Seamless Communications** – The 840 Ventilator supports communication with all major patient monitoring and hospital information systems. It provides seamless electronic data transfer into a patient's medical record. When used with Clinivision® Mobile Patient Charting software, the package provides clinicians the opportunity to practice evidence-based medicine.
